Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from The Public School Arithmetic and Mensuration The main purposes which have been kept in view by the authors of this Arithmetic are - (1) to aid a pupil in becoming accurate and rapid in calculation; (2) to train him in independent thinking and in applying his knowledge of number to the actual business transactions of life; (3) to aid the teacher in assigning applications of the various principles which have been explained. The classification of the problems has been given with this last aim mainly in view. Explanations of theory and all formal rules have been omitted, the authors believing that teachers can best supply what is necessary in these respects, as the pupils are led to a clear comprehension of the principles which should be explained by the teacher before the pupils are required to examine the problems. It may be here stated that the exercises and Problems are mainly intended to be used as applications of the theory taught. While no direct explanation of theory has been given, much has been suggested by the character of the problems and by their arrangement. The definitions have been carefully prepared and stated in such a way that it is believed the pupil will find little difficulty in understanding them. Numerous mechanical and practical exercises on the fundamental rules for seat work form an important feature of the book. In many cases the answers to the mechanical tests have been omitted to enable the teacher to judge of the progress of his pupils in accuracy and rapidity. The exercises are a well-graded and progressive series, carefully arranged to develop the reasoning powers of the pupil, and...
