

The Third World in the Global 1960s

Filesize: 2.69 MB

Reviews

A brand new e book with an all new point of view. I have got read and i am sure that i am going to likely to read through once more once more in the future. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Ms. Teagan Osinski III)

Berghahn Books Mrz 2015, 2015. Taschenbuch. Condition: Neu. Neuware - 'Historians of the burgeoning field of the global 1960s will welcome the contributions the volume makes.' Choice 'Essential reading for all scholars of the global 1960s. Christiansen and Scarlett have brought together an extraordinary group of contributors. They challenge readers to think about the vector and velocity of political change in the long Sixties era by grounding their work in the fierce struggles for freedom in what was once called 'the Third World.'" David Farber, Temple University '[A]n exciting contribution to the ongoing globalization of the historical conception of '1968.' The global South has been almost invisible in the historical scholarship on this vital topic up to now, and this volume marks an important step forward in the rectification of that imbalance. The individual essays make for stimulating reading, and fairly burst with new information and insights from histories around the world, histories whose urgency has not dimmed with the passage of time.' Doug Rossinow, author of Visions of Progress: The Left-Liberal Tradition in America 'The editors and the authors are to be commended for creating this fascinating and important volume. By giving sustained attention to the 1960s in the so-called 'Third World,' while exploring the status of the very idea of the 'Third World' internationally, the book both expands and unsettles common understandings of the 'global Sixties.' The individual essays bring to light local conflicts and struggles often excluded from narratives of the era, while illuminating the relationship between national, transnational, and international contexts. It is a vital addition to the accumulating body of knowledge on the 1960s and the means by which the world has become increasingly interconnected.' Jeremy Varon, The New School for Social Research, New York Decades after the massive student protest movements that consumed much...
