Simply no phrases to clarify. It is really basic but surprises from the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Konark Publication, New Delhi, 2008. Hardcover. Book Condition: New. 356pp. The story revolves round four members of the IAS who joined service at the same time and happened to become friends. The tale takes them from their initial training days in the early fifties to the close of their career by the late eighties. The four—the chosen people, a part of the countrys premier service—begin their career brimming with energy, high hopes, and a measure of idealism. What would make for their success or failure Is it all hard work Is it a question of intellect How much does integrity come into play Is it clever man-management Or is it sheer luck Is character destiny Character in the broadest sense is that indescribable mix that an individual is of—thoughts, words, feelings, values, and above all action. And it may not be one decision that makes or unmakes a man, but the consistent concatenation of all his decisions over a lifetime of action and reflection.
