Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Voting is an opportunity to promote, protect, and preserve godly government. Passing up this opportunity means allowing those who would degrade the name of Christ to have their way in our lives. The Bible is clear, Everyone must submit himself to the governing authorities, for there is no authority except that which God has established (Romans 13:1). Since the Bible commands that we are to submit to government, we must ask ourselves: to what type of government do we want to submit? God in Government compellingly answers this question and covers other related subjects - often from a historical perspective. The book s emphasis is on how and why the United States has gone from being a Christian nation to a culture of secular humanism. How events like the Industrial Revolution and the Great Depression continue to impact our worldview and the way we vote. The reader will discover the true differences between the political parties, and why groups like labor unions, school teachers, and the media tend to align themselves with a particular party. Among other topics, we examine the Christian roots of capitalism and the truth behind the separation of church and state. The book covers social issues like legalized abortion, gay rights, and welfare programs; and gives solutions and suggestions as to what Christians can do to get our nation back on track. RAY HARKER is an ideological activist and founder of God in Government, a conservative grassroots movement for which this book is the manual. Both the organization and the book are designed to educate and assist Evangelical Christians in the areas of civic responsibility and political ideology. The outreach provides lectures...
