

How Do Birds Find Their Way?

By Roma Gans

HarperCollins Publishers Inc, United States, 1996. Undefined. Condition: New. Language: English . Brand New Book. Many birds make long journeys twice each year as they migrate between their winter and summer homes. Arctic terns fly more than 10,000 miles from the South Pole to northern Maine. Tiny little hummingbirds fly nonstop over the ocean for 500 miles. How do they know which way to fly? Why don't they get lost? Read and find out the many ideas scientists have come up with to explain this mystery.

Reviews

A top quality ebook as well as the typeface used was interesting to see. It usually fails to charge an excessive amount of. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Dr. Isabell Wiza DDS**

The ebook is simple in go through better to fully grasp. It is actually rally exciting throgh reading through period. It is extremely difficult to leave it before concluding, once you begin to read the book.
