Dimensions: 9.0in. x 6.0in. x 0.3in.What Is Your Passion This is the question I must have asked myself over a thousand times for fifteen years of my life. I had been running away from pursuing my dreams because of my fears. I settled for the status quo, while acting as a mechanical robot working different jobs, without a true purpose to follow. It was as if I just existed in the world around me, doing things I didnt enjoy because I needed to earn an income. Like a lot of people, I used to settle for any job I could find to take the easier path. Until the day I discovered my passion for inspirational speaking and I realized there was no fulfillment in working for someone else. I decided to face my fears to live life on my own terms by pursuing my passion. This is why I quit my job and said F it. This book will help you identify the fears preventing you from pursuing your dreams. You will learn how you can begin to push past your fears and start your Dreamers Journey. Along the journey I will share the Signs That You Are Ready To Say F It To Your Job and the Seven Deadly Fears That Will Kill Your Dreams. I will also give you ten ways to push past your fears, along with other useful tools to help you prepare for your Dreamers Journey. Do you have the courage to fight your fears to pursue your dreams This item ships from La Vergne,TN. Paperback.
