*A really great publication with lucid and perfect reasons. I have read through and i am confident that i am going to gonna read yet again yet again down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Beacon Press, United States, 2006. Paperback. Condition: New. Language: English . Brand New Book. Within these pages Mary Oliver collects twenty-six of her poems about the birds that have been such an important part of her life-hawks, hummingbirds, and herons; kingfishers, catbirds, and crows; swans, swallows, and, of course, the snowy owl; among a dozen others-including ten poems original to this volume. She adds two beautifully crafted essays, Owls, selected for the Best American Essays series, and Bird, one that will surely take its place among the classics of the genre.
