Taylor Francis Ltd, United Kingdom, 2017. Hardback. Condition: New. Language: English . Brand New Book. Imagine: You are a hospital Chief Executive Officer, Chief Financial Officer, medical or nursing director, patient safety specialist, quality improvement professional, or a doctor or nurse on the front lines of patient care. Every day you're aware that patients and families should be more engaged in their care so they would fare better both in the hospital and after discharge; their care could be safer and more seamlessly coordinated; patients should be ready for discharge sooner and readmitted less often; your bottom line stronger; your staff more fulfilled. You enter into new payment models such as bundling with an uneasy awareness that your organization is at risk because you don't know what the care you deliver actually costs. Like most healthcare leaders, you are also still searching for a way to deliver care that will help you to achieve the Triple Aim: care that leads to improved clinical outcomes, better patient and family care experiences, and reduced costs. Sound familiar? If so, then it's time to read *The Patient Centered Value System: Transforming Healthcare through Co-Design*. This book explains how to introduce the Patient Centered Value System in your organization to go from the current state to the ideal. The Patient Centered Value System is a three-part approach to co-designing improvements in healthcare delivery-collaborating with patients, families, and frontline providers to design the ideal state of care after listening to their wants and needs. Central to the Patient Centered Value System is seeing every care experience through the eyes of patients and families. The Patient Centered Value System is a process and performance improvement technique that consists of 1) Shadowing, 2) the Patient and Family Centered Care Methodology, and 3) Time-Driven Activity-Based...
