Excerpt from The New Metal Worker Pattern Book: A Complete Course of Instruction in the Modern Methods of Developing, and Cutting the Patterns for Sheet Metal Work, Giving the Principles Under-Lying Practically Every Problem That Is Likely to Come Up in Practice and Explaining the Selection and Use Of That the New Metal Worker Pattern Book has filled and still continues to fill a real need in modern sheet metal shops is fully attested by its long and tremendous sale. Ever since the publication of the first edition it has been considered the standard authority on sheet metal pattern cutting, and many affectionately term it The Bible of the Trade. No better textbook for home study is available, and, even though the student does not know a thing about arithmetic or drawing, he may soon master both linear and geometrical drawing if he will diligently study the chapters on these subjects. The Secret of Success in sheet metal pattern drafting is in knowing how to apply the principles of geometry to your problem. If you will drill...
