This is the US Senate Investigation and the testimony from soldiers who were captured and escaped. The horrors that they describe are graphic in detail. A past customer complaint was that there was no good photos. I am sorry to say that this testimony was taken 60 years ago and that the photos that I do have copies of are unusable. Here is what we did. We hired a Professional Illustrator to Illustrate the book. The illustrations are graphic in nature. This was not an easy undertaking when using 60 year old files. Please enjoy this work.It is all true and verified. You will read testimony and statements by people that are long dead and gone.but they live on here.each word recorded. >Mr. Manring: Yes. We was lucky to get that. A little later on that afternoon one of the fellows happened to get his hands untied and the Communists saw him, caught him, took a trench tool and hit him in the neck three times and knocked his head right off his shoulders. Senator Potter: Severed his head right off his shoulders with a trenching tool? Mr. Manring: Yes.
